

Week Five

We drew on boxes to make homes for our chicks for when we take them home to look after them over the Easter Holidays. We will look after them by giving them water, food, keep them warm (with cuddles or make them a nest) and sleep.

We made chocolate cupcakes using cornflakes and chocolate bars, first we melted the chocolate and mixed in our cornflakes, finally we decorated with a chick on top.

In PE we used rackets and ball, we had to push the balls through the cones with racket. We even tried balancing the ball on the racket.
