

# Week One

We used paint brushes on long sticks, and we used cotton buds to make dots.

We used our Phonics to write words to show what we could see in the pictures.

We used the multilink to see how many cubes we needed to make them the same size as the sticks.

We have been reading Stick Man. We have been using the story spoons to tell the story of Stick Man.

We were very excited to have some snow! We threw snowballs, we made snow angels and made a small snowman.
