

Week Four

We have been learning about space and astronauts and this week we made space rockets out of cardboard. We also made a rocket out of stickle bricks.

We learnt about Vincent Van Gogh and we were painting Starry Night. We have to fill the whole picture up with swirls for the sky. We must paint stars and a moon.

In writing we made sentences with finger spaces and full stops.

We learnt to make dens with Mrs Sayer and Snoozy the sloth. We used 2 different sorts of pegs called tree pegs and flat pegs. We used rope to put the tarps over. Mrs Sayer left us a Den Making Kit so we can have a go.
