Wednesday 30th September

Dear Parents and Carers

We are currently developing a range of learning resources for some of our children who are at the earliest stages of communication and play development.

Many of these children learn best through activities that are highly motivating and provide an immediate response to their actions. Resources that light up, move, make sounds or allow children to match, sort and explore help them to develop communication, attention, understanding, problem-solving and play skills.

We would be extremely grateful for donations of any new or gently used resources such as:

Cause and Effect Toys:

Musical toys; Light-up toys; Pop-up toys; Bubble machines; Spinning toys; Wind-up toys; Press-and-go vehicles; Toys with buttons that activate lights, sounds or movement.

Matching and Sorting Activities:

Colour matching games; Shape matching activities; Sorting toys; Matching cards; Picture lotto games; Object-to-picture matching resources

Wooden puzzles and busy boards would also be welcome.

If you have any suitable resources that your family no longer uses, we would be delighted to give them a new home within school.

Donations would be gratefully received via the hall door first thing in the morning on Tuesday 6th of Wednesday 7th October

Thank you for your continued support. Your generosity will help us create engaging learning opportunities that enable every child to communicate, play and learn successfully.

Kind regards

Ms Baugh

Assistant Headteacher
SENCo
