

Week Three

In Maths, we have also been sorting items. Here we were sorting them by colour.

We read the story When a Dragon goes to School and played dragons making sure we behaved!

We have been exploring what our face looks like and creating different faces out of different materials. We are going to paint our own portraits inspired by Holbein.

We had a visit from Rusty. He is a therapy dog that visits school sometimes.

We have been practicing writing our letters. We know lots of letters now such as m, a, s, d, t, l, and n!

In Maths, we have been looking at comparing size and thinking about whether things are big or small. We found sticks, leaves and blocks and sorted them into whether they are big or small.
