

Week One

We have been exploring different areas of our classroom such as the home corner. We were mixing, making tea and baking things in the oven.

We went out to break and played on the playground. We had lots of fun. We had to make sure the crocodile didn't eat us!

We have enjoyed the snack table. We get to eat crackers! They are yummy.

We have also played outside using the water wall and tweezers.

Earlier in the week we practiced carrying a tray ready for when we stay for lunch.
