

Good afternoon,

### **EAL (English as an Additional Language) Help**

In order that you may support your child with remote learning, I have translated the Google Classroom Guide into your home language and sent this via Parentmail.

Please find this attached along with an English version.

In the classroom, all work set is in English and so our expectation is that home learning will be the same. It is absolutely fine for parents to explain instructions in their home language but work submitted should be in English.

Word documents are able to be translated on your devices and we have a translate facility on our website for your use.

Should you require any further assistance, please make contact with the school office and I will get back to you.

Additionally, should you require EAL assistance, EMTAS have translator help lines. These details can be found on our website.

Kind regards

Mrs J Heels
