

## Home Learning for Year 6 in a nutshell

### Reading

Children should read a minimum of four times a week (ideally 5 or more!) and record it in their reading record.

Children change their books when they complete them. They are encouraged to read just one book at a time, particularly fiction, to help them follow a story.

Children read at different rates and depending on what they are reading. In addition to children changing their books as required, they can do so at break and lunchtimes independently in the library. Parents can also visit the library after school on Mondays and Fridays to borrow additional literature or make book changes more frequently with their child.

### Spelling

Children should complete their set assignments on Spelling Shed:  
<https://play.edshed.co/login> .

This is available on the internet and as an app. Spellings are linked to your child's spelling age. Additional games may be completed after the set assignments.

### Mathematics

Children should spend a minimum of 10 minutes each week on TTRockstars:  
<https://trockstars.com/login> unless they have achieved their Rock Hero certificate in school.

### Wider Curriculum

From time to time your child will be sent home flash cards containing 'Rucstall Words'. Please help your child to learn these.

### Revision Workbooks and Online Learning

The children will be directed to their Year Six workbooks and online maths learning each week by their class teacher. Parents have commented previously how they have found this a good preparation for their child starting secondary school. Children revisit learning in these books, so they should be able to complete this with low levels of support at home.
