Tuesday 3rd June 2025

Dear Parents and Carers,

We have always enjoyed visiting wildlife around our school grounds, particularly in areas like our woodland. This means that ticks can be present within the grounds.

This is a reminder that we strongly recommend that parents and carers take proactive measures to protect children from potential tick exposure across the summer term, when they use the field and woodlands more. A preventative spray can be highly effective in minimising risks. We would also recommend that children are thoroughly and regularly checked for ticks.

We appreciate your continued support in ensuring our children's health, safety, and comfort during the summer term.

Yours sincerely,

Ruth Griffiths
Headteacher, Rucstall Primary School
